(512) 303-4045*

*9:00 AM Shotgun Start
4 Person Florida Scramble
Registration Table opens at 7:30 AM*

Epsilon Iota Foundation of Omega Psi Phi Fraternity welcomes you to its 22nd Ronald E. McNair Challenger Open Golf Tournament, which commemorates the life of a true American hero.

Dr. Ronald E. McNair was a System Engineer on the ill-fated Challenger spacecraft that plunged to earth in January, 1986. Dr. McNair died in service to a country which he so dearly loved and we pay homage to his legacy through charitable giving to communities all over this country. We refuse to let the legacy of Dr. McNair perish.

Dr. McNair was a proud member of the Omega Psi Phi Fraternity and the fraternity vigorously carries his torch through events such as this golf tournament. The proceeds of this tournament will assist in scholarship giving, Thanksgiving baskets for the needy and making Christmas meaningful for the disadvantaged through providing toys for needy families.

We thank you for your participation and helping us to continue the legacy of Dr. McNair, a Great American.
